

Jumana Motorwala

Product Designer | User-Centered Design | Research-Driven Product Experiences

8120400052 | jumana.motorwala44@gmail.com | LinkedIn | Portfolio

Mumbai, Maharashtra

PROFESSIONAL SUMMARY

Product Designer with 3.5+ years of experience designing user-centered solutions across healthcare, manufacturing, and AI-driven platforms. Skilled in user research, usability testing, wireframing, prototyping, and cross-functional collaboration in Agile environments. Passionate about translating complex workflows into intuitive user experiences aligned with business and technical constraints.

CORE SKILLS

- User Research & Usability Testing
- Information Architecture & User Flows
- Wireframing & Interactive Prototyping
- Interaction & Visual Design
- Design Thinking & Problem Framing
- Usability Analysis & Reporting
- Agile Collaboration
- Design Systems & Reusable Components
- Stakeholder Communication
- Figma, Figlam, Adobe Suite

PROFESSIONAL EXPERIENCE

Independent UX Consultant

Contract & Freelance | Oct 2025 – Present

- Worked with IDFC FIRST Bank on product and UX initiatives, translating complex business requirements into intuitive user experiences.
- Led user flows, wireframes, prototypes, and design iterations while collaborating with stakeholders, product teams, and developers.
- Applied user-centered design and usability principles to simplify complex workflows and support scalable digital products.

UXReactor (Ascendion Engineering)

Sr. Product Designer | April 2025 – Sept 2025

- Designed user experience solutions for an AI-powered startup enablement platform.
- Translated complex business workflows into structured user flows and interactive prototypes.
- Conducted usability testing and iterative design validation based on stakeholder feedback.
- Collaborated closely with engineers to ensure technical feasibility and implementation alignment.
- Contributed reusable UI components aligned with design strategy and scalability goals.

Dr. Reddy's Laboratories

Sr. UX Designer | Aug 2024 – March 2025

- Led UX for digitization of manufacturing platforms, transforming manual workflows into scalable digital systems
- Mentored 2–3 designers and ensured design quality across deliverables
- Facilitated stakeholder workshops and streamlined communication across product, design, and engineering teams
- Improved usability through research-driven iterations; contributed to AI-enabled solutions.
- Acted as a key bridge between stakeholders, product managers, and engineering teams, streamlining communication and decision-making.

UX Designer | July 2023 – Aug 2024

- Conducted user research and usability testing to identify key pain points
- Designed wireframes, user flows, and prototypes aligned with business needs
- Collaborated with cross-functional teams to ensure feasible and effective implementation
- Supported transition from manual to digital workflows through user-centered design

● TYS – The Yellow Strawberry

UX Designer | Feb 2022 – March 2023

- Designed health & fitness apps and responsive websites using user-centered design principles.
- Developed personas, empathy maps, IA structures, and interactive prototypes.
- Conducted competitor analysis and usability improvements to enhance engagement and clarity.
- Ensured alignment with brand guidelines and accessibility best practices.

EDUCATION

● PG-Design & Innovation

Atlas SkillTech University, ISDI' Parsons , New York
2022-2023

● B.Sc. Animation & Visual Graphics

Amity University, Mumbai
2019 – 2022

CERTIFICATION

- Generative AI Mastermind - OutSkill
- Design Thinking Certification – IDEO U / Interaction Design Foundation
- Generative AI in Product Design – Coursera
- Prompt Engineering for UX & Design Workflows
- Figma Advanced Prototyping Certification
